### **WHAT DOES G.R.E.A.T. OFFER?**

The Erasmus+ Traineeship G.R.E.A.T. program allows students **to undertake periods of traineeship mobility** abroad.

The internships must be completed **by 30/06/2025**;
- The Program provides a financial contribution (scholarship) to partially cover the expenses incurred by beneficiaries during the mobility period, depending on the cost of living in the destination countries. In the case of distance mobility, the financial contribution is not provided. There are also contributions available for those with fewer opportunities and for travel expenses, as well as the availability of the advance payment of the grant;
- The program allows students to undertake traineeships in a host organization/company in one of the beneficiary countries (EU and non-EU) listed in the call;
